The Executive Secretary stated further that none of these individuals possess the technical qualifications for the position; however, Dr. [REDACTED] has indicated that, since liaison is a very important factor, he would be willing to compromise some of the technical training in favor of someone who is able to conduct liaison both within and outside the Agency. The Executive Secretary recommended [REDACTED] be assigned to this position; the majority of the Members concurred. C/MS asked that [REDACTED] be informed of this decision and of the Board's hope that an opportunity will be afforded [REDACTED] to improve his academic qualifications, either on his own time or during duty hours, and with Agency sponsorship. The question of Agency training which has been planned for [REDACTED] which is to begin on 8 September will also be discussed [REDACTED]
